Project Summary Guidelines

1.   All students are required to send the project summaries when applying.

2.   All projects must have a Project Summary of **maximum 3 pages,** written prior to experimentation, following the instructions below to detail the rationale, research question(s), methodology and risk assessment of the proposed research.

3.   The Project Summary should include the following:

(a) An introduction (maximum 1 page)
(b) Objectives
(c) Hypothesis
(d) A procedure
(e) Results and a discussion
(f) A bibliography

N.B: Please do not include work done previously by others.
