

## CENTER FOR DIAGNOSIS, THERAPY AND RESEARCH IN SPEECH AND LANGUAGE THERAPY

The Center for Diagnosis, Therapy and Research in Speech and Language Therapy (CDRO) develops, validates and uses, in the context of clinical practice and research, tools and protocols for assessment, intervention and parental support for the various disorders of communication, oral and written language, mathematical reasoning, voice and swallowing in children and adult patients, in order to help understand pathological mechanisms and lead to effective evidence-based practices in a multilingual context.
