

COMPULSORY PREVENTIVE MEDICAL CHECK-UP

Students' health and well-being are major assets to their success at university.

The Saint Joseph University of Beirut (USJ) provides a preventive medical check-up to all first-time undergraduates to promote health awareness and encourage them to take responsibility for their well-being.

This check-up includes:

- Personalized medical consultation and interview
- Advice on healthy lifestyle habits
- Vaccine updates (recommended and/or professionally required)
- Referral to specialized consultations if necessary

The preventive medical check-up is strictly confidential. Its costs are covered by the University, and it is required for re-enrollment in September. It takes place at the Family Medicine Center located at *Hôtel-Dieu de France*.

Healthcare centers

USJ provides healthcare services to its students, instructors, administrative staff, and their families, through its various healthcare centers and offices:

- The University Medical Center, *Hôtel-Dieu de France* (HDF)
- The Family Medicine Center
- The Dental Care Center
- The Center for Diagnosis, Therapy and Research in Speech and Language Therapy
- The Center for Diagnosis, Therapy and Research in Psychomotor Therapy
- The University Center for Psychological Support
- The Counseling Office (SAP)
