Instructor Testimony

Prof. Nada Moghaizel-Nasr

Professor and Honorary Dean of the Faculty of Educational Sciences, Delegate of the Rector for Quality Assurance and University Pedagogy

The professional development for the members of our educational community is a vital and strategic issue; it is the key to social, economic and political development. Based on a clear vision about the competencies that need to be developed among the members of our educational community, the Faculty of Educational Sciences, through the various programs it offers, carries out this development role with professionalism, rigor, and passion.

Alumni Testimony

Edouard Jabre

Headmaster of Champville Marist College, Alumnus-Faculty of Educational Sciences

I completed my Master in Educational Sciences at the Faculty of Educational Sciences at USJ. To me, it was a rewarding journey at the educational and managerial levels. The learning environment promoted excellence, provided continuous support, and nurtured constructive relationships. The practical aspects of this master's degree turned out to be extremely useful to me as the Director of Champville Marist College. I strongly recommend the master's program at Fsedu to anyone who wants to develop his/her knowledge and skills in the field of education.
