

Dear friends,
Dear Alumni,

The Covid-19 pandemic has hit record highs all over the Lebanese territory.

In March 2020, the Hôtel-Dieu de France (HDF) hospital was the first private hospital to open its doors for Covid-19 patients. For over a year now, we have been present on all fronts: the number of rooms and intensive care units has been tripled, the Flu Center welcomes patients for walk-in PCR tests and medical consultations upon appointment, a Drive-Thru service has been set up for individual or group tests, specialists are at the service of patients for medical advice and psychological support via a hotline number, a Social Fund has been established to support the most disadvantaged patients who do not have access to social security or are not covered by an insurance, and awareness campaigns have been launched on a wide-scale in the media and on HDF's social networks.

HDF has also been accredited as an Official Covid-19 Vaccination Centre and all our teams are already preparing for this crucial milestone.

These efforts require a continuous financial support. After Beirut port explosion on August 4, 2020, the investment demand increased. Since the public sector is facing a historic crisis, our only recourse are the donors who have been numerous and generous. **The period ahead of us will be crucial and we need your help and donations to continue our mission.**

By helping HDF, you are supporting a historic hospital that has always been able to respond to the various difficulties that Lebanon has gone through, you are showing your attachment to the medical and nursing staff, and you are treating hundreds of patients.

Together, let us continue the fight.

I DONATE

Prof. Salim Daccache s.j.

Rector of Saint Joseph University in Beirut
President of USJ Foundation
Chairman of the Board of Administrators of Hôtel-Dieu de France

You can direct your donation to one of the following:

Covid-19 Medical Equipment
