

Generation H.O.P.E.

18 MONTHS IMPACT REPORT

For the past two years, we have all been subject to an unparalleled test in Lebanon: a global pandemic and a merciless financial and economic crisis Lebanon that spared no one. As a result, many Lebanese students were forced to drop out of university.

Since we believe that financial difficulties should not be an impediment to receiving a high-quality education, we came in solidarity with our University and our classmates and launched, in May 2021, "Generation H.O.P.E" to **Help Others Pursue Education**.

THAT'S WHY YOU MATTER!

We have come together to make a difference in many students' lives thanks to the devotion and commitment of volunteers, as well as your generosity and loyalty to the USJ Community.

You made our university a better place to be.
