## ■ Organisation de la formation des Masters

Master in business and management 120 credits. All USJ-FGM Masters include a Research dimension to train students in critical thinking and a systematic study of problems logic. All Masters in Business and Management have common courses (mandatory) especially at the first year and all intend to train responsible and competent executives.

## ■ Opportunities for all masters

Executives in companies and financial institutions, entrepreneurs

## ■ Partnership

The Masters in “International Marketing in a Digital Environment” and “Industrial Business Management” lead to a double diploma (Spanish and Lebanese). The first year, the students will be in Lebanon at the FGM and the second master year they move to IQS Barcelona. Students will be selected based on an interview. This Master is offered in partnership with IQS School of Management at Ramon Llull University in Barcelona (Spain) and the program comprising 2 semesters in Lebanon and two other semesters in Spain where students can have a work-study internship in Barcelona.

## ■ Admissions

All FGM BA holders are admitted to M1 after validating the 180 BA credits. File study for students coming from other universities (submission of applications from February - end of June)

**Location Campus des sciences sociales, Bâtiment C - 4<sup>e</sup> étage**

www.fgm.usj.edu.lb

Email: fgm@usj.edu.lb

Tel: 961 (1) 421418

## ■ Master concentration

4 options are given in English

**Master in International Marketing in a Digital Environment (double degree)**

**Master in Industrial Business Management (double degree)**

**Accounting, Audit, and Control**

**Master in Business and Management**

The choice of Master option is made upon validation of the 60 credits required for the first year of the master (when you finish M1 and M2 semesters).

## ■ Présentation du Master et de ses objectifs et le programme d'études

### 7.1 Common core semesters M1-M2

The first year of a master's degree in business is open to anyone who has obtained a bachelor in business or its equivalent. It allows to perfect training in business since it is oriented towards the general and transdisciplinary aspects of management. Within this first year of the master's degree, the student studies business ethics, corporate finance, performance management, marketing, human resources or even entrepreneurship, according to teaching units of Common core given at the level of the first and second semester as well as certain elective courses.

The first year of the master's degree ends following the validation of 60 credits including a business plan project. The transition to the second year of the master will be based on the averages obtained and the students' choice of concentration.
