

Teaching Diploma (TD)

2023-2024

1. Teaching Competencies

Upon the completion of the teaching diploma program, learners will have enhanced their teaching and pedagogical skills in formal and non-formal education. TD graduates will have developed their professional competencies. The exit profile of a typical graduate is based on the following program-level outcomes:

- Provide holistic support for learners using a humanistic approach.
- Facilitate innovative teaching and pedagogical strategies according to the latest trends in education.
- Consolidate expertise in teaching and pedagogy.
- Meet the emerging needs of the professional field, in terms of teaching and learning.
