

**Master in Educational Sciences**  
**Emphasis: Teaching and Pedagogical Counselling**  
**2023-2024**

**1. Competencies of the Pedagogical Counsellor - Researcher**

*Upon the completion of the master's in educational sciences (emphasis: Teaching and Pedagogical Counselling), learners will enhance their instructional, pedagogical, and research skills in formal and non-formal education. MA graduates will develop their professional and research competencies with practices aimed at excellence in education. The exit profile of a typical graduate is based on the following outcomes:*

- Provide holistic support for learners using a humanistic approach.
- Facilitate innovative teaching and pedagogical strategies according to the latest trends in education.
- Consolidate expertise in teaching and pedagogical counseling.
- Meet the emerging needs of the professional field, in terms of teaching, learning and counselling.
- Develop your posture as a researcher, contributing to the advancement of scientific knowledge in education.
