

Universal Design of Learning (UDL): Creating an inclusive environment for students with diverse needs

LEARNING OUTCOMES:

At the end of this training, participants will be able to:

1. Identify principles, guidelines, and components of a UDL curriculum
2. Describe teaching practices used to enhance the teaching and learning process in the classroom with diverse learners
3. Consider flexible options for planning a lesson by considering learning barriers and multiple means of engagement, representation, and expression
4. Create a lesson plan that addresses the needs of students in the diverse classroom
