Pr. Nabil BARAKAT  
Pr. Georges TAWIL

PROGRAM

FRIDAY, 15 APRIL 2011

INTERNATIONAL SPEAKERS

Dr. Bernard CANNAS  
Dr. Luc GILLOT

LOCAL SPEAKERS

Pr. Nabil BARAKAT  
Pr. Nabil HOKAYEM  
Pr. Nada NAAMAN  
Pr. Ibrahim NASSEH  
Pr. Nohad RIZK  
Pr. Georges TAWIL  
Pr. Elie ZEBOUNI

Dr. Na'ji ABOU CHEBL  
Dr. Nadim ABOU JAOUDE  
Dr. Roger BASSIT  
Dr. Sami JADE  
Dr. Nadim MOKBEL  
Dr. Habib RAHMÉ  
Dr. Fawzi RIACHI

OBJECTIVES OF THE COURSE

- Discuss indications, limitations and contraindications for the different surgical techniques presented for the management of the mandible, mainly the evolution towards the All-on-4 Concept™
- Recognize how computer guided surgery has profoundly changed the planning and placement of dental implants in the fully edentulous patient with minimal invasive surgery.
- Appreciate the importance of the management of the pre-implant soft tissues mainly in the esthetic zone.
- Identify the different techniques used in the surgical treatment of the atrophic maxilla and their limitations.

VENUE

Saint Joseph University  
Faculty of Dentistry  
Medical Campus  
Damascus Road  
Beirut, Lebanon

NO. OF PARTICIPANTS

limited to 200 people

DEADLINE FOR REGISTRATION

March 31st, 2011
