Unlock global opportunities with the

GLOB-SM **(GLOBAL SUPPLY CHAIN** **MANAGEMENT)** **UNIVERSITY DIPLOMA**

Co-funded by the
Erasmus+ Programme
of the European Union

Join a \$26 trillion per year industry with a high demand for specialists and embark on a transformative journey in global supply chain management with the GLOB-SM University Diploma. Designed to empower individuals with the skills and knowledge needed to thrive in the dynamic world of supply chain, this program offers specialized concentrations, hands-on experience, and a pathway to exciting career opportunities.

■ Gain expertise in

- Applying global supply chain management and sustainability to food systems, humanitarian, and maritime logistics.
- Understanding emerging trends in global supply chain management, with a focus on the MENA region.
- Assessing supply chain effectiveness through quantitative and qualitative research.
- Designing innovative supply chain processes using technology tools, entrepreneurship, and creativity.
- Applying leadership and management skills to real-world challenges.
- Grasping workplace culture and international marketplace dynamics.

■ Diploma Concentrations

This 7-course program (34 ECTS credit hours) offers concentrations in:

- **Agro-Food:** Understand regional socio-economic dynamics in the food sector.
- **Maritime:** Analyze regional geographic and economic advantages in international trade.
- **Humanitarian:** Develop life-saving logistics systems using advanced technologies.

■ Career Opportunities

Operations Manager, Logistics Analyst, Business Analyst, Supply Chain Manager, and Sourcing Manager.

■ Admissions Requirements

- Hold an undergraduate degree from USJ or an equivalent from a recognized institution.
- Demonstrate proficiency in written and spoken English.
